NUTS & BOLTS

WATER FALLS

It's not just a faucet—it's a game-changer for... the kitchen sink.

Some even transform water: The Grohe Blue Chilled and Sparkling carbonates it to customizable levels, and Kohler's faucet filters tap water. The very best of today's kitchen and bar fixtures aren't just utilitarian but also combine form with function—the sparseness of Dornbracht, the rusticity of Graff or the elaborate luxury of P.E. Guerin. ■

GROHE
